HE'S JUST ANOTHER LOUSE in the Jew-infested US Treasury.

Accusing Syria of buying oil from ISIS, Adam Szubin—a JEW, of course—acting as US Treasury's "Secretary for Terrorism and Financial Intelligence," imposed sanctions on Syrian and Russian businessmen he claims are middlemen of the trade.

The individuals and entities listed by Szubin will have their US assets frozen and barred from doing business with US companies or individuals.

Among those blacklisted are Kirsan Ilyumzhinov, a long-serving president of the World Chess Federation, and George Haswani, a Syrian national, and his company, Hesco Engineering and Construction.

Szubin claims that Haswani serves as a middleman for oil purchases by the Syrian regime from ISIS, accusing him of operating "in areas controlled by ISIS."

How low can US Treasury Jews go? As low as hell of which they are citizens.

How about slapping sanctions on the big fish in Turkey and Israel? [View All JEW Treasury Sanctions On Syria Here](#) and [Here](#).

FIRST OF ALL it is NOT ISIS' oil. The oil belongs to the Syrian people.

ISIS captured most of Syria's oil fields in central and eastern Syria, having seized the country's last oil field in September. (The fields don't personally belong to Assad.)

If any of US Treasury's accusations were true, Assad is in the unfortunate position of having to deal somehow with the glorified ISIS mafia extortioners for Syria's own oil reserves in order to keep military and civilian energy needs running.

The Syrian Minister of Petroleum said the allegations were untrue and condemned the sides which have facilitated stealing and marketing the Syrian oil.

He stressed that those sides are the same countries that made marketing this stolen oil legitimate by Resolution 186 dated April 22, 2013 which was issued by the European Union.

Contrary to Jew Szubin's sanctions against a Syrian and Russian businessman, the biggest conundrum of ISIS crude are independent truckers, who either sell the crude off to other middlemen or refine the oil themselves in makeshift mobile refineries.

The bulk of oil products are sold in local markets directly to the residents and gas stations, later sold to independent gas stations in the ISIS mafia caliphate, or into parts of Syria and Iraq that ISIS doesn't control, or else smuggled into Turkey where it is sold in local markets.

So, yes, ISIS gasoline is flowing through the engines of its enemies and not just Syria, nor is the Syrian government facilitating it.

But don't confuse the Jews who run US Treasury with facts.

THEN THERE IS TURKEY'S deep links with ISIS, including oil business conducted by Turkish middlemen and government officials including the Erdogan family.

There is substantial evidence that Bilal Erdogan, Prime Minister Erdogan's son, is directly involved in the black market oil business with Islamic State.

"IS has big money from selling oil and are protected by the military of an entire nation (Turkey). One can understand why they are acting so boldly and bravely," said Russian President Vladimir Putin this past Tuesday.

After Turkey refines the oil, it goes out on the world market, and then Turkey uses the proceeds to buy and ship weapons to ISIS and other anti-Assad terrorist bands.

IN ANY CASE, it's far different to be forced to buy back your own stolen oil from occupied energy fields for the sake of your own people, and another for US-enabled Turkey to be in partnership with ISIS and buying low-priced stolen oil from ISIS to line their own pockets.

The purpose of US bombings of ISIS-occupied oil fields is to destroy Syria's energy infrastructure. It's nothing less than Jewmerica's bizarre twist on scorched earth warfare.

And the twisting of our Jew-ruined country continues.

But along comes Putin and he's foiling Jewmerica's wicked plans.

URGENT-
My MINISTRY IS AT A CRISIS.
VERY FEW are helping me financially.
If it weren't for the FEW WHO DO help me, this site would have been down a long time ago.
I am facing getting kicked out of my apartment December 31 and I am STILL unable to find another place to rent in my meager price range.
I'm in a VERY UNSTABLE position in my ministry.

It's a bad situation in Syria.
I just hope Putin figures it all out, which I'm sure he has and outwits them all.
Putin is really fighting the devil and I always pray for him.

There is no doubt as to the guilt of the Turkish Prime Minister in relation to shipment of arms to ISIS in Syrian bound trucks.
Radio show a few months back:
<http://www.infowars.com/flashback-turkeys-prime-minister-caught-arming-isis/>
It has been in the news that Turkey arrested and imprisoned the editor and a journalist of Turkey's Cumhuriyet newspaper.
They reported that Erdogan's son Bilal has played a part in sending oil to ISIS. They also indicated that they had proof that Turkey has been smuggling weapons to Syria.
Erdogan took action accusing them of espionage. Turkish Intelligence is said to be involved.
A report can be seen at:
<http://www.zerohedge.com/news/2015-11-27/turkey-arrests-journalists-who-exposed-erdogans-weapons-smuggling-extremist-syrian-r>
There has been the supply of drugs to ISIS.
His fighters are then so emboldened with use of same that they perform outlandish and cruel acts far above what is normal for trained troops.
For Obama to say he believes the Turkish version, which is one of denial, again reveals the continual lying of this president.

Well, Irene, as far as Barry Soetoro aka Obama is concerned, he's a pathological liar and an extreme narcissist; and there are two ancient leaders I can compare him to: Alexander the Great and the Roman Emperor Nero.
Both Alexander and Nero got enraged whenever they were upstaged or challenged by a rival. Barry's the same way .. he gets enraged whenever he's upstaged or challenged by his chief rival - Vladimir Putin.
I'm not at all surprised that Obama got enraged when Putin upstaged him recently ... by getting French President Hollande's utmost cooperation in helping Russia bomb Jihadist positions in Syria.
I'm not surprised that Barry, in his rage, gave orders to Turkish PM Recep Tayyip Erdogan to send an F-16 fighter jet into Syria and shoot down a Russian SU-24 bomber just recently.

Yahoo news, probably the most incompetent news service on earth, as well as a Jewish spy organ, has sure come out of the closet as a Jewish asset.
Today they have a story about guess who - Anne Frank - and the spin suggests the Syrian refugees face the same problem from Assad that she allegedly did from Hitler. The big lie tactic recycled once again as a part of the victim card formula.
What BS. The Jews are BS heaped on BS heaped on BS and BS ad infinitum. These are a brain dead people who rely on media control combined with simpleton recycled formulas.
There was a funny post floating around last week about Albert Einstein the poster boy for Jewish intellect pertaining to the theory of relativity. He apparently broke new ground when it came to relativity, that is marrying your relatives.
His wife Elsa Lowenthal was Einstein's first cousin on his mother's side and his second cousin on his father's side.
As any dog breeder can tell you the spawn of such a union are about as close to vegetables as human beings can get and are riddled with genetic disorders.
I now wonder about Einstein's mother and father. Were they brother and sister or father and daughter like the Jewish Huffington Post blogger recently charged with raping his daughter?

Hi Bro Nate.
Thank you for the newest report about US sanctions on Syria & providing additional links to the official US Treasury "Sanction" pages. IMHO that is excellent information.
I think there could be direct ramifications by posting all of the under-dealings our governmental agencies and House & Senate Committees are constantly involved in.
Over the last 2 years, I've often gone to the House site, specifically the Foreign Affairs Committee to see what the "think tanks," "expert witnesses," "expert testimony," etc. are prognosticating or advocating for next.
It is very telling information as well as insight into endless agendas to subvert the few remaining sovereign nations. Many now recognize that NGO's and Ambassadorships are either running cover for or are actual intel rings.
I think many serious readers have grasped the terminology spewed by the US, UN and NATO nations. Words like "democracy" once stood for good, now stand for evil intent by the aggressors of this world.

There are some who get it correct.
We can blame the Zionist Talmudist, etc., but the real problem is not just the U.S., which may be the worst, but the whole of humanity for being lazy, uncaring, selfish, arrogantly stupid, over-indulging, weak character fools that allow the Zionist Talmudic Jews to rule the world.
We are to blame for not doing our job as a human to stop this absurd agenda of the Rothschilds and partners to rule the world.
There is simply not a lack of will to do so as no real leader has arisen. Maybe someday! As much as I wish to be, it has to be a military leader because there is no such thing as a peaceful solution.

Could not Russia and Syria take back control of the Syrian oil refineries?
This would slow down ISIS war machine.

Why aren't sanctions being imposed on Saudi Arabia and Qatar (U.S. allies) given that these nations are DIRECTLY funding ISIS and are therefore responsible for the Paris bombings and the loss of a Russian airplane?
Why aren't anti money laundering laws (which are supposed to target "the proceeds of crime") being enforced against Turkish government assets given that leading government officials are earning money selling oil STOLEN from the Syrian people?
Russia has called JEW.S.A. bluff and the whole FALSE NARRATIVE is rapidly exploding in their face. Soon it will become obvious that the media-hyped ISIS monster was always a NATO spy army.

November 28, 2015 @ 11:43 am

There is another reason for the obsessive interest of the UK-USA in Syria that needs to be mentioned.
1) Qatar wanted to build a gas pipeline through Syria but Assad said no.
2) That pipeline could have dethroned Russian oil and gas exports to Europe and therefore stopped them earning the hard currency needed to develop their nation.
3) If you study the foreign policy of the Empire of the Anglo-Jews (UK and now also USA) you will see that they always try to destroy up and coming nations by wars of attrition. They did this to:
a) Spain in the 15th Century
b) Holland in the 17th Century
c) Germany in the 20th Century
d) Russia in the 21st Century
I believe that both Hitler and General Franco stated this on public record.

That's because Jew Szubin, Secretary of Terrorism & Financial Jew Terrorism, IS a de facto and probably de jure agent of Israeli/eth State Intel service.
The very same people trying to murder Dr. Assad, funded by by your stolen tax \$ & stolen Syrian oil.

November 28, 2015 @ 8:25 pm

If you listen to President Assad speak, the gut feeling is that he's an honest man.
Same with Vladimir Putin, former Libyan leader Muammar Gaddafi and former Iranian President Mahmoud Ahmadinejad.
However, when you listen to a British or American politician speak, the gut feeling is that they are lying. That would go for the German traitor Angela Merkel, French president Hollande and Canadian politicians as well.
Nearly all seem to be natural born liars. The Jews sure pick the right horses to ride.

gerard
November 28, 2015 @ 10:52 pm

@Kalin
Is it possible that Hollande, Merkel etc... are test tube babies or clones?
Their voices may not appear natural, because we cannot mix up with nature.
Anyway the ideas they express are not their own, so they lack human feelings.
